

FOR IMMEDIATE RELEASE

## **iSqFt Nominated as one of Cincinnati's 'Best Places to Work' Again!**

Cincinnati--September 22, 2009 -- For the second consecutive year, iSqFt®, a software services provider to construction firms across the country, has been nominated as one of Greater Cincinnati's "Best Places to Work" for 2009. The annual *Cincinnati Business Courier* program recognizes those firms around the region that are tops in a survey of employee satisfaction.

"Early on we made the decision to invest in our employees, since they are the key to delivering the best possible customer experience," said iSqFt President and CEO Dave Conway. "Together we work hard to get better every day, and this recognition of our efforts is reinforcement that we're doing the right things for our associates and our customers."

Sandra Kuzma, iSqFt's Vice President of Human Resources went on to say, "We couldn't be more pleased. We've made a commitment to creating a fun, energetic, and purposeful workplace, and we're thrilled that our efforts have been recognized again this year."

"Best Places to Work" nominations are based on scores from employee surveys, measuring such items as:

- Employee engagement
- Belief in management and colleagues
- Career path and professional development
- Compensation and benefits
- Overall employee fulfillment

Winners will be announced at a luncheon on November 11, 2009.

### ***About iSqFt:***

Founded in 1993 as Construction Software Technologies, Inc., Cincinnati-based iSqFt is the construction industry's leading provider of online bid solicitation and preconstruction management services in the United States.

Through strategic partnerships with the Associated General Contractors of America (AGC), local AGC Chapters and other industry organizations, the firm provides tens of thousands of general contractors, subcontractors, and suppliers in markets around the U.S. with online tools and solutions to increase competitiveness through reduced costs and increased efficiency. iSqFt is also a proud member of U.S. Green Building Council and is committed to the practices of sustainable design and construction.
