

FOR IMMEDIATE RELEASE

iSqFt Repeats *Inc. 500* Selection

CINCINNATI – October 19, 2005 – Cincinnati-based construction services firm iSqFt has again found a place on the *Inc.* magazine list of the fastest growing private companies in the United States. Placing 131st on this year's list, it is the second straight year that the company has appeared on the *Inc. 500*.

The company, which has produced a three-year growth of 763%, also ranks third in the magazine's construction industry category.

The companies that make up the *Inc. 500* list represent the vanguard of American industry, posting an average three-year sales growth of 769%. Firms on this year's list generated over 25,000 jobs in the past year alone, a stunning 35% year-over-year increase.

“The continued growth that has allowed us to repeat on this year's list is a true testament to value of the products and service we provide to our customers,” remarked Dave Conway, iSqFt chief executive officer. “It also shows the hard work and dedication of our employees and business partners as we strive to make a difference in this industry.”

This year's *Inc. 500* ranks privately held companies according to year-over-year sales growth from 2001 to 2004. With approximately 75% of all new job creation in the U.S. coming from entrepreneurial businesses, the *Inc. 500* list opens a window onto the companies and industries that are driving the economy forward.

About iSqFt:

Founded in 1993 as Construction Software Technologies, Inc., Cincinnati-based iSqFt is the construction industry's leading provider of online bid solicitation and preconstruction management services in the United States. Through strategic partnerships with such organizations as the Associated General Contractors of America (AGC), the firm provides tens of thousands of general contractors, subcontractors, and suppliers with online tools and solutions to increase competitiveness through reduced costs and increased efficiency.
