

FOR IMMEDIATE RELEASE

J.E. Dunn Construction to Utilize iSqFt Nationwide

CINCINNATI – August 21, 2007 – It has been announced that J.E. Dunn Construction has contracted with iSqFt to implement the iSqFt Private Construction Office in its offices nationwide for use throughout their bidding process. Through this agreement, the estimating staff at Dunn's 17 regional offices will utilize a single online application as the basis for their preconstruction efforts.

General contractors around the country use the iSqFt Private Construction Office application to manage their bid process by utilizing online tools to host project bid documents, and facilitate communication with their subcontractors – making the process more comprehensive while providing efficiencies and cost effectiveness.

iSqFt customers now include offices of a large number of large national general contractors. In total, nearly 40% of the Top 100 Contractors in the United States (according to *Engineering News Record*) are iSqFt Private Construction Office users. This includes Fluor Corp., The Turner Corp., Bovis Lend Lease, Brasfield & Gorrie, Swinerton, The Weitz Co., and M.A. Mortenson Company.

About iSqFt:

Founded in 1993 as Construction Software Technologies, Inc., Cincinnati-based iSqFt is the construction industry's leading provider of online bid solicitation and preconstruction management services in the United States. Through strategic partnerships with such organizations as the Associated General Contractors of America (AGC), the firm provides tens of thousands of general contractors, subcontractors, and suppliers in markets around the U.S. with online tools and solutions to increase competitiveness through reduced costs and increased efficiency.
